

Safety Stand Down Bulletin

June 20-26

It's that time of year again to place a spotlight on FF Safety, Health, and Survival. Although Safety, Health, and Survival should be the focus for all of us every day, this week gives us an opportunity to review some important materials and discuss, as a crew and/or battalion, how we will continue to strive to improve in these areas.

Bulletin Developed and Supported by: The Valley Safety Officers (AZ)
